

Prayer to Ela

Ela ro, Ela ro, Ela ro.

I connect to the energy of Ela, the pool of wisdom that sits at the centre of the Universe, to bring knowledge and understanding into my life.

When connected to this powerful energy I will have everything I need to be balanced and whole.

To achieve my destiny.

To live in glowing health.

To have success in every area of my life.

To have strong supportive relationships.

To have the love and respect of my family and ancestors, and give it in return.

To have all the resources I need to face any crisis that comes into my life.

Ela ro, Ela ro, Ela ro.

Through your energy of wisdom in action, I will be able to
move froward in my life.

I ask that you deepen our connection to bring me wisdom
and alignment.
