

Prayer to Yemonja/Olokun

I am truly grateful for the nurturing that flows into my life.

So, I begin with Esu-Yemonja-Olokun, to open my paths and roads and connect me at higher levels with the Yemonja-Olokun matrix.

I know that as I connect with these powerful energies, twin spirits of the ocean, that I will get all the nurturing, and lessons, I need to grow along my destiny path.

As I align my thoughts to the powerful field known as Yemonja-Olokun; I will be able to float as I travel through each day.

I will know when to shift forward and when to move back.

I will be able to dive to the depths, seeing what is there, and retrieving the treasures, and secrets, that wait for me.

I will be able to see deeply inside myself.

I will be able to rest at the surface without being blinded by the intensity of the light that plays on your waves.

I will be able to see the light shining through the darkness.

I will be able to recognize danger and find the safest place to keep myself, and those that I love, and care for, from harm.

I will be able to nurture and nourish myself and others.

I will be able to use your powerful water-energy to stabilize, and cool, when things become rough, or over-heated.

As I connect at even deeper levels with the Yemonja-Olokun matrix; I will find the calmness I need to allow the ships that carry your wisdom to arrive safely in the port of my soul.

I will realize my wealth.

I will travel to my Destiny.

I will find the strength to endure the waves that crash towards me.

I am truly grateful for the ability and opportunity to connect with this energy of stern nurturing, spirit of the ocean.
