

Prayer to Sigidi

I am truly grateful for the protection I receive in my life.

So, I reach out to connect with the energy known as Sigidi, the protective aspect of Esu, to open my paths and roads, and deepen my connection to the Sigidi matrix.

I know, that as I connect with this potent energy that I will be shielded as I move through life.

Sigidi stands at the front door so that nothing harmful may pass.

Sigidi stands at the back door so that nothing harmful may pass.

Sigidi stands at each of the windows so that nothing harmful may pass.

When death or disease come calling, Sigidi stands firm.

When court case comes calling Sigidi stands firm.

When misfortune of any kind comes calling Sigidi stands firm.

When those who might do us harm come calling, Sigidi stands firm.

May the Sigidi energy surround my physical, emotional, energetic and spiritual bodies, shielding and protecting me and those I love and care for.

I am truly grateful for the ability and opportunity to connect with and receive protection from the energy known as Sigidi
